RATE SCHEDULE EFFECTIVE February 1, 2020 AS FOLLOWS:

| | |
|-----------------|-----------------------------|
| 0-2,000 gallons | \$23.00 minimum |
| 2,001-over | \$6.00 per thousand gallons |

How to use the water rate schedule:

A minimum monthly bill is \$23.00 and includes up to 2,000 gallons. For each additional thousand gallons used over 2,000, the rate is \$6.00 per 1,000 gallons.

Example:

If you used 5,000 gallons of water you would multiply 3,000 gallons used by .006 (\$6.00 per thousand gallons) and add \$23.00 for the first 2,000 gallons used. Then add the two figures together for your monthly water bill, in this case the total being \$41.00.

SEWER RATES:

| | |
|--------------------------|-------------------------|
| \$58.00 no usage minimum | \$5.00/thousand gallons |
|--------------------------|-------------------------|

How to use the sewer rate schedule:

A minimum monthly bill is \$58.00 for no usage. For each thousand gallons the rate is \$5.00 per 1,000 gallons.

Example:

If you used 5,000 gallons of water you would multiply 5,000 gallons used by .005 (\$5.00 per thousand gallons) and then add the \$58.00 minimum. The total in this case is \$83.00.

COMMERCIAL SEWER RATES (DUPLEX SYSTEM):

| | |
|---------------------------|-------------------------|
| \$116.00 no usage minimum | \$5.00/thousand gallons |
|---------------------------|-------------------------|

WATER TAP FEES

| | |
|----------------|------------|
| ¾ inch tap fee | \$900.00 |
| 1 inch tap fee | \$1,800.00 |
| 2 inch tap fee | \$3,200.00 |
