RATE SCHEDULE EFFECTIVE February 1, 2022 AS FOLLOWS:

0-2,000 gallons	\$23.00 minimum
2,001-over	\$6.00 per thousand gallons

How to use the water rate schedule:

A minimum monthly bill is \$23.00 and includes up to 2,000 gallons. For each additional thousand gallons used over 2,000, the rate is \$6.00 per 1,000 gallons.

Example:

If you used 5,000 gallons of water you would multiply 3,000 gallons used by .006 (\$6.00 per thousand gallons) and add \$23.00 for the first 2,000 gallons used. Then add the two figures together for your monthly water bill, in this case the total being \$41.00.
